“Just after I decided I couldn’t run for the Senate, I was foolish enough to try to run for a car,” said Senator Bradley to visitors who came to ask about his maimed hand last week. The Senator broke two fingers and was considerably bruised up last Thursday while trying to board a moving street car on Capitol Hill, in Washington.—Carlsle Mercury.

**UNDEE MINORITY RULE.**

Under the Bigelow constitution and the Cox statutes Ohio no longer is ruled by a majority. Candidates are selected by a minority; active minorities amend the constitution. Give cities new form of governments and vote bond sales. In Columbus last week 8,500 voters out of a possible 50,000 gave it a new charter and 9,300 determined that no work-house bonds should be issued.

**AN ENDLESS CHAIN.**

A local hosiery mill proprietor, dismayed by cancellations of orders, submitted the following from a leading dry goods and notion house in Johnstown, Pa.:

“Kindly hold orders for future till we advise you to ship. Our mills are working only half time, and there are more idle men in Johnstown than ever before.”—Philadelphia Public Ledger.

Such are the messages which industrial producers are receiving from merchants all over the country. Retail business everywhere is far below the normal. Why? The Johnstown man gives the answer:

Our mills are working only half time, and there are more idle men in Johnstown than ever before.

When mills are working on half time and idle men are walking the streets, merchandise of all sorts is slow of sale. Hence the notice to the factories:

Hold orders for future till we advise you to ship.

That, in turn, means half time in that factory, more idle men walking the streets, and smaller retail business to that town. It is an endless chain of depression and blight forged by Free-Trade blacksmiths.

**FOUR TASKS OF JOURNALISM.**

Dr. Gladden spoke to the national newspaper conference at the University of Kansas at Lawrence, last week, and in his address he referred to the four great tasks of journalism, as follows:

First, to teach people to avoid exaggeration and violent speech, and to cultivate moderate and rational modes of expression.

Second, to resist the tendencies which demoralize democracy and which substitute the mob mind for the deliberate habit.

Third, to hold the popular judgment firmly to the truth that character and manhood, and not money and popularity, are the central values of human existence.

Fourth, to turn the thoughts of men more and more from the negative virtue of detecting and exposing the evil to the positive virtue of discerning and praising the good.

Every word of that is true, and if American journalism could take that high ground and maintain it, this country would be 100 per cent. better off than it is. Society, religion, politics, education, business, every noble interest would be advanced by the advancement of journalism. It is to be hoped the schools of journalism will direct their instruction and training to this end; for after all is said, it embraces all there is in journalism that is worth a thought. Journalism as a business only is not a whole-souled friend to the public good. It has a ringing call to step up higher.—Ashland Independent.

**MAYBE TAFT JESS LAFFS.**

When one reflects that Taft's daughter is for suffrage and his wife is against it, one can see at a glance what a h—l of a fix this places Taft in.—Lexington Herald.

**OPPOSITION FOR HENNESSY.**

The Commonwealth Attorney's race in the district of Fleming, Mason and Braeken, between Mr. B. F. Granis and M. J. Hennessy is said to be waxing warm and friends of both men are claiming victory.—Carlsle Advocate.

**EASILY UNDERSTOOD.**

“Do you understand the ins and outs of the Wilson-Underwood-Simmons Tariff?”

“Why, of course. That's easy. As foreign goods come in, American workmen go out of mills and shops.”

**BREED IN MASON COUNTY.**

We are rather amused at the complacency that the Columbus newspaper man boasted that an Ohio horse took the prize at the New York-Horse Show, and after dwelling on the beauty of the animal, says the owner “purchased him from a noted stockman who reared him back of Maysville, Ky.”—Portsmouth (O.) Times.

**STAND BACK AND GIVE MARSE HENRY TIME.**

“It must be galling for Marse Henry to see how slowly we are in taking Mexico, to say nothing of Central America.”—Mobile Register.

“Henry Watterson has had another vision. England is to be a republic, and Canada and Honduras American States. This is a part of the manifest destiny scheme of conquest.”—Ft. Worth, Tex., Record.

Give a prophet a chance. These things are not to happen tomorrow; maybe not even the day after; but “all in good season,” as the mastodon said to the rhinoceros when he foretold wireless telegraphy and the flying machine!—Courier-Journal.

**TIPE FROM TEXAS.**

(Dallas News.)

Wag and the world wags with you; lag and you lag behind.

Our idea of a model wife is a beautiful lady with an independent income who slips twenty-dollar bills into her husband's pockets and never tries to wear the pants.

What we are most uneasy about, now that summer is coming on, is that the bathing suits may be slit-skirted.

As a general thing, when a man insists that he is right in theory he is wrong in fact.

**DIDN'T KNOW SHEEP.**

“Now, Tony, if there were nineteen sheep in a field and seven jumped over a wall, how many would be left?”

“None, Miss Stone.”

“None, Tony, think again. There were nineteen sheep and seven jumped over the wall.”

“Well, Miss Stowe, I think I know what you mean; but, really, Miss Stowe, you may know arithmetic, but you don't know sheep.”

**THE BURGLAR'S LAMENT.**

“Have you anything to say before sentence is pronounced against you?” asked the judge.

“The only thing I'm kicking about,” answered the convicted burglar, “is bein' identified by a man that kep' his head under the bedclothes the whole time. That's wrong.”—Puck.

Inspect the title of the man who refers to himself as “A Friend of the People,” and you will find that it is “phony.”

**RUN-DOWN PEOPLE**

Let Vinol Make You Strong.

Run-down conditions are caused by overwork, worry, too close confinement, a chronic cough or cold which it is difficult to cure.

We want to say to every person in this condition—you need Vinol, our delicious cod liver and iron tonic without oil, the great strength creator. It will supply iron to the blood in the most easily assimilated form, create healthy appetite, strengthen your digestive organs and make you eat better, sleep better and feel better.

A case has just come to our attention from Racine, Wis. Mrs. W. H. Brill says: “I was in a very bad run-down condition. Life was not worth living. I could not sleep—was nervous and not able to work—and doctors failed to help me, but Vinol did wonders for me. In a short time I was stronger than ever and had gained 22 pounds.”

We are confident that Vinol is the best body builder and strength creator we have ever sold. Try a bottle on our guarantee to refund your money if it fails to benefit you. J. C. Pecor, Drug-gist, Maysville, Ky.
